ARTWORK			COMMENTS

- Camera-ready artwork enclosed (black on white background)
- Disk enclosed - PC only (file formats: PSD, CDR, AI, EPS, TIFF, JPEG)
- Artwork will be forwarded by _____ Date _____
 - Email to: Logo.Express@MSAnet.com
 - U.S. mail or another mail carrier service

For best results:

- Save files in their native format, such as: CorelDRAW, Illustrator, or Photoshop (PC-compatible files only). VECTOR FILES ARE PREFERRED. For handling text, you must use the "create outlines" option in Adobe Illustrator, or "convert to curve" option in CorelDRAW.
- Save all rasterized files, such as JPEG, TIFF, etc., at 300 dpi minimum. The greater the resolution, the better the reproduction quality.
- Include the Pantone Matching System (PMS) numbers of your colors, since colors may not translate exactly by e-mail.
- Provide all linked graphics.
- Make a test print of your file. If you cannot print it, then neither can we.
- Send your artwork to your MSA distributor who takes your order.
- Include the font style, if possible.

STRIPING

**Striping:
to be added:**
(CHECK APPROPRIATE BOX)

- Front**
 Back
 Left Side
 Right Side

Stripe part no. (if available) or full description _____

Color _____ Length _____ Width _____

AUTHORIZATION
